Hello friend,

This is Luciano Renan here.

*I'm posting and writing this arrangement on December 24th,
the day before the Christmans of the year 2020,
the year that will be know by the pandemic of the Coronavirus.*

*I believe that the world and society will change forever
after these crazy and hard times we are living
with many people dying by a virus.*

We must learn how to respect each other and the nature.

*We must learn with all the things that are happening
to grow and evolve as human beings living together
in a planet that is alive and claim for order and respect.*

*This is the last arrangement I record and wrote on this year
of 2020 and I'd like to leave it registered here. For you that's
reading this in some time of the future I hope that you're well
and the world has no more pandemics, wars and social inequality.*

I hope you like this arrangement.

*I suggest you to watch the original video (number 56 of my channel)
to help you in case of doubtsabout the fingering,
shapes of the chords and interpretation.*

*Remember to subscribe in my channel,
new videos are always coming.*

Greetings,

Greensleeves
