

The Legend of Zelda

(Koji Kondo)

*Hello friend,
This is Luciano Renan here.*

*I guess you know I love soundtracks of games and movies.
So this is another arrangement I've made for a
nostalgic classic of the games:
The Legend of Zelda (Main Theme).*

*I hope you like to learn my arrangement.
I've created this one on the original key in Bb
and usually I don't use the capo.*

*So be prepared to practice the strength of your hand
with a lot of barre chord.*

*It's a challenge but think in a good way, this is
a good exercise for your resistance on your left hand
(or right in case you're left-handed).*

*I suggest you to watch the original video to help you in case of doubts
about the shape of the chords, fingering and to
give you an idea about the interpretation.*

*Be sure to subscribe in my channel and follow me on social medias.
New arrangements like this are always about to come.
Thank you very much.*

Greetings,

Luciano Renan
