

Comptine D'un Autre Été: L'après-midi

(Yann Tiersen)

Hello, this is Luciano Renan here.

*I hope you enjoy my arrangement of
"Comptine D'un Autre Été: L'après-midi".*

*I recorded this arrangement a time ago and now I made a remake using my new equipment,
which is much better than the ones I used when I recorded the first time.*

(specially my new 'Esteve' guitar).

*Another thing that is important to mention is the maturity we get with
the years practicing. If you compare the first and the second video you'll
see that in the second one my interpretation is much more relaxed and clean.*

I think it was important to mention this: you always can do better than you do now.

If you try hard, you will improve in anything you do.

*Also, try to listen and care to every note you play, they are all important and
feeling is the key for a good interpretation.*

*In this version I've made changes in the shapes of some chords, specially
in the "first chorus", that starts at the bar 21. The chord that is in the
bar 22 was really tough to play and now I've found an easier shape.*

You just have to pay attention to invert the pattern of the right hand in the bars 22 and 26.

*I suggest you watch the video of this arrangement while you're studying to help you in case
of doubts and to give you a light about the shapes, fingering and interpretation.*

*Good luck on this new challenge. Please, remember to follow

new videos are always coming.*
