

Experience

(Ludovico Einaudi)

Hello, this is Luciano Renan here.

Since I met the music of Ludovico Einaudi

*I became a huge fan of him. His compositions are so beautiful
and I love the minimalist way he uses to create
melodies and evolving atmospheres.*

*'Experience' is a great music and when I arranged it for
Classical Guitar I found it is a great study for the right hand
because it has fast fingering that never stops and there's
a lot of different patters that will help you to
improve your techniques.*

I hope you enjoy it.

*I suggest you watch the video of this arrangement
to help you in case of doubts and for you to have an ideia
to make your own interpretation of the arrangement.*

Good luck on this new challenge, my friend.

*Greetings,
Luciano Renan*
